CoDaBix S7 Configurator 1

Known Issues

The current version of CoDaBix (0.20.7) contains the following known issues, which will be fixed in a later version:

CoDaBix S7 Configurator

- If you click on the **Save** icon in the CoDaBix® S7 Configurator while **CoDaBix** is running, the S7 Configurator will show a dialog which says that the settings file has been modified externally and asks you if you want to reload the settings file. In that case, please click **Yes**.
